

**Central Texas Groundwater Conservation District
Notice of Permit Application**

Notice is hereby given that the following application for an existing well has been determined to be administratively complete. The Permit Application and this Notice are in accordance with District Rule 3.52 Existing Non-exempt Wells Used for Domestic, Livestock or Poultry Purposes.

Specific Information:

Applicant: Kevin Kennedy , 630 CR 282, Bertram TX 78626

Address of Well Location: 7515 CR 243, Bertram TX 78626

The well is equipped to produce in excess of 25,000 gallons of water in a 24 hour period (17.36 gallons per minute). The use of the water is for domestic (which includes irrigation of family lawns, or of a family garden and/or orchard), livestock, or poultry. The well meets the requirements for Operating Permits issued pursuant to § 3.52 and other applicable Rules of the District. They are issued with provisions that limit production generally to only the amount of water that can be used beneficially for the specified purpose of use, instead of limiting production authorization to an express annual production volume.

Action by General Manager

It is the intent of the General Manager to approve the Permit Application on Tuesday, August 30, 2011.

Protest Application

On or before August 29, 2011 an affected person may formally protest the application by submitting a contested case hearing request using the procedures provided for in Section 7.60 of the District Rules.
