Water Reduction Goal – 10%

Central Texas Groundwater Conservation District

Continue to encourage the water conservation methods with a goal to reduce overall usage by 10% through the following practices:

- **Re-use and re-circulate water whenever possible**
- **Check for and repair all leaks**
- **Outdoor lawn and landscape watering should be done between the hours of 8:00 p.m. to 10:00 am.**
- **Limit watering of lawns and landscapes to once every 5 to 7 days.**
- **Wash vehicles only at a car wash when needed.**
- **Keep decorative fountains, landscape ponds, and swimming pools covered whenever possible to reduce evaporation.**
- **Do not use water to wash sidewalks, driveways, parking areas, streets, tennis courts, or any outdoor surfaces except for human or animal health and safety reasons, or fire hazard prevention.**
- **Providing groundwater to ponds, tanks, lakes, reservoirs, swimming pools, or other surface impoundments for holding water that have a total capacity of more than 100,000 gallons is discouraged.**
- **Water livestock in leak-proof troughs (livestock tanks) when practical.**
