

**Central Texas Groundwater Conservation District
Notice of Permit Application**

Notice is hereby given that an application for a new well has been determined to be administratively complete. The Permit Application and this notice are in accordance with District Rule 3.66 New Non-exempt Wells Used for Domestic, Livestock or Poultry Purposes.

Specific Information

Applicant: Jeff & Alyce Nanney, 9005 Currywood Drive, Austin, Texas 78759

Address of well location: 1918 FM 1980, Marble Falls, Texas

This well will be drilled on a tract of land larger than 10 acres or a tract less than 10 acres that was platted before September 1, 2009 and will be completed and equipped so that it is capable of producing more than 25,000 gallons of groundwater per 24-hour interval (17.36 gallons per minute) and will be used for Domestic, Livestock or Poultry Use. A meter is required to be installed in accordance with Chapter 11 on a well drilled and operated under a permit issued under this section.

Operating Permits issued pursuant to § 3.66 are issued with provisions that limit production generally to only the amount of water that can be used beneficially for the specified purpose of use, instead of limiting production authorization to an express annual production volume.

Action by General Manager

It is the intent of the General Manager to approve the Permit Application on Monday, April 29, 2013.

Protest Application

At any time on or before April 28, 2013 an affected person may formally protest the application by submitting a contested case hearing request using the procedures provided for in Section 7.60 of the District Rules.
