TEST HOLE/WELL REGISTRATION APPLICATION

APPLICATION TO BE COMPLETED AND SIGNED BY THE "WELL OWNER". "WELL OWNER" means the person who owns a possessory interest in: (1) the land upon which a well or well system is located or to be located; (2) the well or well system; or (3) the groundwater withdrawn from a well or well system. (An Authorized Agent of the Well Owner may be named in an executed Agent Authorization Form provided by the District.)
(A potential purchaser of the land, well/ system or groundwater is not the Well Owner)

If ownership has not been updated in the records of the Burnet Central Appraisal District, proof of ownership must be provided to the District.

If the Well Owner is in a partnership, LTD, LLC, or other corporation please provide documentation that the person signing on the entity's behalf is a registered or authorized agent. The Texas Secretary of State maintains records on business entities and the Texas Comptroller's office has a search available to obtain this information from the following web site <https://mycpa.cpa.state.tx.us/coa/>

Well Owner: _____

Mailing Address: _____

Email Address: _____ Phone: _____

Contact if Different than Well Owner: _____

Mailing Address: _____

Pump Installer: _____

Is this a replacement well? _____ If yes, what will be the status of the old well?

Capped Plugged In use (Explain): _____

Estimated Drilling Date: _____ Proposed Drilling Method: _____

Applicant Agrees to the Following:

For each test hole that is drilled pursuant to District Rules that is selected for completion, the authorization holder will comply with all applicable well completion, spacing, registration and permitting requirements provided for in the rules. For each test hole that is drilled and not completed, the well will be sealed in a manner that complies with the requirements of the District Rules.

Water produced/withdrawn from the proposed well will be put to beneficial use at all times.

If the well is located in a flood prone area, the well will comply with the applicable Rules of the Texas Department of Licensing and Regulation ("TDLR") (16, Tex. Admin. Code, § 76.1000).

Well spacing requirements of the TDLR (16, Tex. Admin. Code, Chapter 76) and the District Rules will be followed.

If a Water Well Closure Plan is not attached in the case that this well would ever fail or become inactive, I will comply with (all applicable TDLR rules) for well closure (16, Tex. Admin. Code, Chapter 76) and that I will report closure of the well to the District.

District staff may inspect a well or well location. Property access for inspections is authorized by Section 36.123 of the Texas Water Code, and District Rule 8.1.

Local property restrictions including but not limited to city ordinances, deed restrictions, HOA or POA rules, utility districts, and municipal districts may have restrictions on drilling and operating wells. It is your responsibility to comply with your local property restrictions regarding the drilling of wells. The permits and/or drilling authorizations issued by the Central Texas Groundwater Conservation District do not confer any right to violate any local property restrictions.

The information given herein is true and accurate to the best of my knowledge and belief and that I will comply with the Central Texas Groundwater Conservation District Rules and Management Plan. I further agree that if any change is made to the well, the pump, or the use of the water that would change the exempt or non-exempt status of this well, I will notify the District prior to making the change.

Well Owner Signature: _____ Printed Name

Date: _____ *The Signature on this Application must be that of the Well Owner as defined by the District Rules or the Authorized Agent of the Well Owner named in an executed Agent Authorization Form received by the District.*
